## Welcome to the New Cyber Frontier: What You Need to Know to Stay Safe

The world changes fast, yet technology evolves even faster. While technology today provides great benefits such as being able to conduct business on the go, it also creates more risks. Cyber threats, which are criminal or unethical activities that take place online, have completely changed the cyber frontier landscape. So how do organizations like the Postal Service™ move safely forward in this new cyber frontier? By understanding the cyber trends that pose the greatest threat to organizations nationwide.

On October 10, 2019, the Postal Service is hosting a National Cybersecurity Awareness Month event at USPS® headquarters in Washington, D.C. from 11 A.M. to 1 P.M. For more information, visit *niccs.us-cert.gov/national-cybersecurity-awareness-month-2019*. For other locations, the event will be livestreamed at *uspslive.usps.gov/#/login*. It's a great opportunity to gain insight into these trends, learn about cybersecurity best practices, and get tips like these:

- **Secure it.** Secure your USPS-issued electronic devices through encryption, passphrases, and the use of a virtual private network, or VPN.
- **Separate for security.** For business purposes, use only USPS-issued equipment, laptops, and phones at work, and use a wall outlet to charge them.
- **Don't install unauthorized software.** Applications like "WhatsApp" or other social media applications are not allowed on USPS-issued electronic devices.
- **Protect Postal Service data.** Keep data protection in the forefront of your thoughts at all times. Do not store sensitive and sensitive-enhanced materials to your USPS-issued assets, unless explicitly authorized to do so.
- **Beware of tricksters.** Whether by email, text message, or voicemail, cybercriminals are hoping to trick you into giving away sensitive information. Don't let them use your technology against you.

Remember, these tips are not only relevant to your work environment — they can also protect your home and family.

For more information on managing the new cyber frontier, see Chapter 5 of Handbook AS-805, *Information Security,* at *about.usps.com/handbooks/as805/as805c5_001.htm*.

To report a cybersecurity incident, contact the CyberSafe at USPS® team by calling 866-877-7247 or sending an email to *CyberSafe@usps.gov.* For general cybersecurity information, visit the CyberSafe at USPS websites on *Blue* (*blue.usps.gov/cyber/*) and *LiteBlue* (*liteblue.usps.gov/cyber/*).

# Policies, Procedures, and Forms Updates

## Manuals

### DMM Revision: Stamped Mail

Effective October 1, 2019, the Postal Service™ revised *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®) in various sections to update the provision for stamped mail weighing more than 13 ounces, and extend that provision to physical characteristics.

To enhance the safety and security of Postal Service employees and customers, the Postal Service is updating the Aviation Security Program (also known as the Anonymous Mail Program) to restrict the deposit method for all mailpieces bearing stamps as the only postage payment method and weighing more than 10 ounces or measuring more than one half-inch in thickness. Under the revised standards, domestic and international mailpieces that weigh more than 10 ounces or measure more than one half-inch in thickness, and bear only postage stamps as the postage payment method, may not be deposited into collection receptacles, including street, lobby, and apartment boxes, or other unattended locations.

These stamped mailpieces also may not be picked up by city, rural, or highway contract letter carriers for delivery, either from an individual or through Pickup on Demand® service. Instead, a mailer must present such a mailpiece to an employee at a Post Office™ retail service counter.

These restrictions do not apply to any mailpiece that weighs 10 ounces or less and measures one half-inch or less in thickness, nor do they affect any mailpieces, regardless of weight or thickness, for which postage is paid with a method other than stamps, such as a permit imprint or a postage evidencing system (a meter or PC Postage® product).

In addition, the Postal Service will update *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®), Publication 52, *Hazardous, Restricted, and Perishable Mail,* and applicable *Quick Service Guides* (QSGs) under separate cover.

Although the Postal Service will not publish these revisions in the DMM until January 26, 2020, the standards are effective immediately.

## IMM Revision: Changes to Anonymous Mail Characteristics

Effective October 1, 2019, the Postal Service™ revised *Mailing Standards of the United States Postal Service,* International Mail Manual (IMM®) in various sections to update the provision for mail bearing postage stamps or the Free Matter for the Blind endorsement that are eligible for deposit or pickup (e.g., through a collection box or private mailbox).

To enhance the safety and security of Postal Service employees and customers, the Postal Service is updating the Aviation Security Program (also known as the Anonymous Mail Program) to restrict how mailers may deposit mailpieces bearing postage stamps or the Free Matter for the Blind endorsement as the only postage payment method. Under the revised standards, a mailer may not deposit into a collection receptacle (including a street, lobby, or apartment box, or other unattended location) any mailpiece that bears only postage stamps or the Free Matter for the Blind endorsement as the postage payment method, and that has either of the following characteristics:

- Weighs more than 10 ounces.
- Measures more than one-half inch in thickness.

A city, rural, or highway contract letter carrier may not pick up these mailpieces for delivery, either from an individual or through Pickup on Demand® service. Instead, a mailer must present such a mailpiece to an employee at a Post Office™ retail service counter.

These restrictions do not apply to any mailpiece that weighs 10 ounces or less and that measures one-half inch or less in thickness. The restrictions also do not affect any mailpiece, regardless of weight or thickness, for which postage is paid with a method other than stamps or the Free Matter for the Blind endorsement, such as a permit imprint or a postage evidencing system (a meter or PC Postage® product).

# Online Services

## Upcoming Changes to the Online Hold Mail Process

The Postal Service™ Hold Mail program allows customers to place their mail on hold for a period of 3 to 30 days. To place mail on hold, customers can:

- Submit their request online at *usps.com*;
- Visit a Post Office™ location and submit PS Form 8076, *Authorization to Hold Mail;* or
- Call the Customer Care Center at 1-800-ASK-USPS.

To provide customers with greater security, the Postal Service is making changes to the online USPS® Hold Mail process. Customers who submit their Hold Mail request online will be required to prove their identity through an online verification process. To place their mail on hold, customers will need to sign in to their USPS.com® account or create an account. To complete the process, they must verify their identity using a mobile phone and a passcode that will be sent to their phone.

Customers who attempt to place a Hold Mail request online and do not successfully complete the identity verification process will have the option to request that the Postal Service send a "code by mail" letter to their address of record. The letter will contain a unique code as well as a URL for customers to enter the code to verify their identity.

Hold Mail requests submitted before the changes are implemented will not be affected. In addition, customers will still be able to initiate a Hold Mail request through the other channels — in person at a Post Office location or by contacting the Customer Care Center at 1-800-ASK-USPS.

The Postal Service issued an email notification about these upcoming changes to existing users of the online Hold Mail application in mid-September. The email also notified customers about the option to sign up for Informed Delivery® to complete account creation and satisfy the identity verification requirement ahead of the changes to the online Hold Mail application. Once their identity is verified, customers will not have to complete this step again for their current address and will be able to place their Hold Mail request online any time.

For more information about the Hold Mail application, visit *faq.usps.com/s/article/Hold-Mail-The-Basics*.

# Missing, Lost, or Stolen U.S. Money Order Forms

**Do Not Cash — Upon Receipt, Notify Local Postal Inspectors**

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin.* The new money order serial numbers consist of the first 9 digits. The tenth digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

## Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

# Other Information

## Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Send inquiries to the Military Postal Service Agency at *amps.usps.gov/jy2/frm.htm*.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

## How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at *usps.com/shop*.

### Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

### Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services

## Pest Management Reminder

The United States Postal Service® manages an Integrated Pest Management (IPM) program that establishes pest prevention and suppression in an environmentally sound and cost-effective manner. The overall goal of the program is to use pest control practices that emphasize nonchemical control techniques over chemical control techniques. Chemical pesticides must only be used as a last resort. The IPM program:

- Minimizes harm to the ecosystem, human health, and the environment;
- Reduces the need for pesticide applications;
- Reduces pest resistance to pesticides; and
- Minimizes pesticide waste.

### Restrictions and Prohibitions

Pesticides include insecticides, herbicides, fungicides, and rodenticides. All types of pesticides are regulated because they contain chemicals that can be dangerous to human health and the environment. The Postal Service restricts certain practices for safety and environmental reasons:

- USPS personnel must never purchase or apply restricted use pesticides:
  - Check the label or obtain the Safety Data Sheet from the vendor or manufacturer to determine whether a product is (or contains) a restricted use pesticide.
  - The Environmental Protection Agency and some state regulatory agencies maintain lists of restricted use pesticides. See the “Additional Information” section.
- USPS personnel must never purchase, mix, dilute, or apply concentrated pesticides, even if commercially available.

Additionally, the use of rodent (i.e., mice or rats) control glue or sticky traps is *strictly prohibited* in Postal Service™ facilities.

### Pest Control Services and Products

Only contracted, licensed pesticide applicators should apply restricted use pesticides or mix concentrated pesticides. Facility Services Category Management Center is responsible for all commercial pest control and abatement services. Currently, the Postal Service has two mandatory national suppliers for pest control services:

- Ecolab Pest Management Services (*blue.usps.gov/supplymanagement/_pdf/am_nmcs_mlb16-005.pdf*).
- National Source for Integrated Pest Management Services, Pipestone (*blue.usps.gov/supplymanagement/_pdf/am_nmcs_mlb19-004.pdf*).
