

DON'T BE FOOLED BY THE LIES FROM OUR OPPOSITION!

They offer nothing & just whine about things ... petty gripes that we only now hear about from them. They've stood silent – offering nothing -- showing no leadership.

Your NBAs must use the results of our HQ efforts to be successful in their own jobs representing Maintenance members. Every one of the Maintenance NBAs -- **Zimmerman, Beaton, Walker, Howe, LaSalle, Gearhard, Paz, Kingsley & Waldon,** support the **re-election of Raymer & Martinez** as your HQ Maintenance Officers.

Please join with them & our thousands of supporters to re-elect Maintenance Director **RAYMER & Assist. Dir. MARTINEZ**. We have the experience, talent, proven success, & will continue building on a record that keeps Maintenance Proud & Strong!

- No one does a better job of negotiation at this level -- just ask any of the over 2,500 former non-career custodians now ready to enjoy an actual career.
- The MS-47 T/L-5 settlement saved the custodians from ultimately being contracted out. & has resulted in Million\$ in payments for Line H violations.
- The actual number of custodians has grown since the T/L 5 MS-47 settlement.
- Our win at national arbitration in the Article 7 vs 25 case protected the integrity of all occupational groups. That case took guts and strategy to put on and win.

The Unity Team members Pres. Dimondstein, VP Szeredy, DIR Zimmerman, HP Dir. Marcotte, Legis. Dir. Beard, Retiree Dir. Olumekor & Research/Ed Dir. Robinson all support Maintenance and also deserve your vote.
