

MIKE EVANS

1953-2019

I have been blessed to know Mike for more than 30 years. We are brothers from the same fraternal mother— our beloved Union.

In all those years I've never known him to be hateful. Yes, he was as human as the rest of us, but I found no profound hatred coming from Mike. All he wanted to do was to work for the people he was sworn to represent. This is true even up to some of his last words.

Many of his friends know Mike liked his music, the track, baseball and sports. But he was also about union business. The picture on the right shows how much Mike worked at helping California shape the national dialogue. Mike ensured our Union was recognized as a true standard bearer for progress.

I, along with one of his best friends, Phil Warlick, visited Mike a few days before he passed, Mike was talking about his upcoming DC legislative trip, about the State Convention and things that had to get done. That was Mike, a true unionist through and through. REST IN PEACE OUR BROTHER !

In Memoriam

Truly A Good Man All The Way Around. Devoted Family Man. A Dedicated Unionist. He Gave All Of His Postal Career To The Service Of His Fellow Co-workers. He Served As Pasadena Local President For Many Years.

And In Retirement, He Arose To The Occasion To Continue To Serve The Membership Of This Great Union As State President of California And A Member of SWCAL.

This Man, A Gentle Man, Was No Push Over When It Came To Standing Up For Working People And For Justice. He Had An Easy Going Style One Could Call Casual. But There Was No Mistake, That When It Came To Taking Care Of Business He Walked The Talk.

He Had A Genuine Smile And A Heartfelt Care For All That Crossed His Path. That Didn't Mean He Was Not A Passionate Man. His Ire Could Rise If He Felt A Wrong Had Been Committed And He Would Let It Be Known.

Everyone Who Knows Him, Has Had A Taste Of His Unique Humor And Profound Sense Of Brotherhood. He Will Be Missed. Ever In Our Hearts— He Is Our Beloved
