

IT'S NOT PERSONAL,

IT'S

BUSINESS!

Dear APWU Members of the Maintenance Craft,

Three years ago, I began my quest to seek your support for a Maintenance NBA position. My sole reason at that time was to embark on a new vision for the Maintenance Craft, in regards to eliminating the tremendous backlog of grievances waiting to be heard at step-3 and arbitration. Here we are three years later and nothing has changed. There is still a backlog and you, the members, are still being taken for granted. When are you going to say enough is enough? The good news is your opportunity is coming. But, it's not automatic. It's going to take each and every one of you to make a difference with your **vote!**
