**There is No Substitute For
*Integrity, Experience, Know-how***

Always putting the interests of the Union first, Omar Gonzalez has served the members of the West with distinction and has the strong support of the Locals, Officers, Stewards and Rank & File dues paying members.

Respected nationwide at all levels, Omar a leader of high caliber and sound reputation, is what a REGIONAL COORDINATOR must be in order to represent us at the Area and National level during these turbulent times.

When Local Unions reach out to the Regional Union, the Coordinator must be respected and be the recognized union leader in the West. Omar has earned that respect and he demands no less from postal management.

The Regional Coordinator is charged with administering the principles of seniority at the Regional level and contractually regulates lay-off protections, Occupational Safety & Health standards, arbitration panels, Civil Rights protections, Rehabilitation Act, Work & Time Standards, Field Operations and Congressional contacts. Omar Gonzalez has the experience to handle these responsibilities and more importantly the integrity required.

Omar has served with distinction as General President of the Greater L.A. Local 64 for six terms. After building the local union to the 2nd largest in the USA Omar was elevated to the Area level to serve as the Regional Coordinator for the 13 western states and territories representing Maintenance, Clerks and Motor Vehicle with proven leadership!

Re-elect Omar Gonzalez, Coordinator Because Trust Matters !
