## U.S. Postal Service Files Notice with PRC for New Mailing Services Pricing

- *Actions taken to address continued elevated inflation and prior years defective pricing model*
- *New prices scheduled to take effect July 9, 2023*
- *Postal Service prices remain among the most affordable in the world*

WASHINGTON, DC — Today, the United States Postal Service filed notice with the Postal Regulatory Commission (PRC) of mailing services price changes to take effect July 9, 2023. The new rates include a three-cent increase in the price of a First-Class Mail Forever stamp from 63 cents to 66 cents.

If favorably reviewed by the Commission, the proposed increases will raise First-Class Mail prices approximately 5.4 percent to offset the rise in inflation. The price changes have been approved by the Governors of the U.S. Postal Service.

The price for 1-ounce metered mail will increase to 63 cents, and the price to send a domestic postcard will increase to 51 cents. A 1-ounce letter mailed to another country would increase to \$1.50. There will be no change to the single-piece letter and flat additional-ounce price, which remains at 24 cents. The Postal Service is also seeking price adjustments for Special Services products including Certified Mail, Post Office Box rental fees, money order fees and the cost to purchase insurance when mailing an item.

The proposed Mailing Services price changes include:

<b>Product</b>	<b>Current Prices</b>	<b>Planned Prices</b>
Letters (1 oz.)	63 cents	66 cents
Letters (metered 1 oz.)	60 cents	63 cents
Domestic Postcards	48 cents	51 cents
International Postcards	\$1.45	\$1.50
International Letter (1 oz.)	\$1.45	\$1.50

As operating expenses fueled by inflation continue to rise and the effects of a previously defective pricing model are still being felt, these price adjustments are needed to provide the Postal Service with much needed revenue to achieve the financial stability sought by its [Delivering for America](#) 10-year plan. The prices of the U.S. Postal Service remain among the most affordable in the world.

The PRC will review the changes before they are scheduled to take effect. The complete Postal Service price filing, with prices for all products, can be found on the PRC website under the Daily Listings section at [prc.gov/dockets/daily](https://prc.gov/dockets/daily). The Mailing Services filing is Docket No. R2023-2. The price tables are also available on the Postal Service's Postal Explorer website at [pe.usps.com/PriceChange/Index](https://pe.usps.com/PriceChange/Index).

**Please Note:** The United States Postal Service is an independent federal establishment, mandated to be self-financing and to serve every American community through the affordable, reliable and secure delivery of mail and packages to nearly 165 million addresses six and often seven days a week. Overseen by a bipartisan Board of Governors, the Postal Service is implementing a 10-year transformation plan, [Delivering for America](#), to modernize the postal network, restore long-term financial sustainability, dramatically improve service across all mail and shipping categories, and maintain the organization as one of America's most valued and trusted brands.

The Postal Service generally receives no tax dollars for operating expenses and relies on the sale of postage, products and services to fund its operations.
