AND THE
AMERICAN POSTAL WORKERS UNION, AFL-CIO**

Re: Bulk Mail Tech/Mailing Requirements Clerks/EAS Jobs Audit – Extension for Training Program Review and Jobs Audit

As part of the Memorandum of Understanding (MOU), Re: Bulk Mail Tech and Mailing Requirements Clerk Position Qualification – Extension and Bulk Mail Tech/Mailing Requirements Clerks/EAS Jobs Audit, the parties agreed that the position and training program review would conclude no later than November 4, 2023.

The parties agree that the joint committees, as stated in the subject MOUs, will resume meetings until each committee has submitted a joint report that identifies the duties they agree are bargaining unit duties. In addition, if there are duties the committees cannot agree are bargaining unit duties, those will also be identified in the report. Each committee report must be submitted no later than the date on which this extension expires. The joint committee report will supersede any previous report(s) submitted by either party. The designated representatives for each party will be signatory to the report once finalized.

The training program review process is ongoing and the parties agree to extend the review to conclude no later than March 1, 2024, unless extended by mutual agreement. The parties further agree that the required 60-day and 90-day time periods identified in Article 19 of the National Agreement for the revised training program will begin with the signing of this agreement.
